Providing Clinical Research Staffing Solutions

The Assured Healthcare resource pool of clinical research job candidates encompasses individuals skilled in all four phases of clinical research trial management and support – including but not limited to:

- Clinical Project Managers
- Clinical Trial Managers / Coordinators
- Clinical Research Associates
- In-house & Site Monitors
- Drug Safety Associates
- Laboratory Technicians
- Clinical Data Managers
- Clinical SAS Programmers
- ...and more

Assured Healthcare provides employees for contract, contract to hire and direct hire opportunities. We offer our contract employees a benefits package that allows us to attract and retain the most qualified pool of specialists.

That benefits package includes: paid holidays and vacation, medical insurance, 401K, a referral bonus, sign on bonus, direct deposit and more.

Retaining Good Employees is Key

Our recruitment and assessment processes result in placement of well-qualified job candidates with our customers. It also means our employees are doing challenging, interesting work that they have been trained for – their job satisfaction is another key factor in our ability to retain a qualified workforce:

“...Assured Healthcare is a premiere professional staffing agency... It is with gratitude that I express my sincere appreciation and sentiment for allowing me to be a member of your team... I have gained immeasurable clinical research experience... and many friendships have been made. For those, I am truly grateful. Thank you once again.”
